Valley View School places very high demands on parents and their whole hearted support, co-operation and commitment in the pursuit of all round and quality education of their ward(s). Therefore, parents who find time to be totally involved with their ward(s) education at home will be an added bonus. We, at the school, will endeavour to work with sincerity and diligence guided by the code of behavior given below.

The code of behaviour :

The code of behaviour is the set of programmes, practices and procedures that together form the school plan for helping students in the school to behave well and learn well.

The code of behaviour helps the school community to promote the school ethos, relationships, policies, procedures and practices that encourage good behaviour and prevent unacceptable behaviour. The code of behaviour helps teachers, other members of staff, students and parents to work together for a happy, effective and safe school.

The code expresses the vision, mission and values of the school and its Founders. It translates the expectations of staff, parents and students into practical arrangements that will help to ensure continuity of instruction to all students. It helps to foster an orderly, harmonious school where high standards of behaviour are expected and supported. The code of behaviour enables school authorities to strike an appropriate balance between their duty to maintain an effective learning environment for all and their responsibility to students whose behaviour presents a challenge to the teaching and learning process. The code of behaviour is a key tool in enabling the school authorities to support the learning of every student in the school.

Maintaining a harmonious environment presents a challenge to Valley View School, given competing needs, time pressures and varying capacities or readiness to learn. Our school's code of behaviour that has the support of the Management Committee will go a long way in helping us to meet this challenge successfully.
